Locks Lose Tough Game.

The Windsor Locks A. A. team lost at Glastonbury Sunday afternoon, but the loss can be credited to costly errors behind Martin, whose hurling deserved to win most any game.

The summary of the game was as follows:

Locks Win Over Thompsonville

In a twilight baseball game at the park grounds Tuesday evening, the A.A. team won a spirited game over the Terrors of Thompsonville, 6 to 3, getting off to a flying start by scoring five runs in the second inning.

Lefty Draghi held the carpet-town sluggers to seven scattered hits and retired six on strikes, the visitors not being able to bunch their hits other than in the fourth when they scored twice. The summary was as follows:

On Sunday afternoon the A. A. team will play the Glastonbury team at the park grounds, and the local athletes are out to even up the score, the visitors being one of the few teams to pin

a defeat on the Locks aggregation. Next Tuesday evening the A. A. team will play the West Ends of Hartford in a twilight game, to start at 6.15 o'clock.

"Ed" Lally's park team of youngsters took the tournament with the County Home softball team Thursday, defeating the two teams from that institution. Not content with rubbing it in by the softball defeats, a special race was held between Smith, fastest junior runner of the home, pitted against "Tommy" Furey of this place, which resulted in a win for the local youngster without letting himself out. It was a bad afternoon for the county home athletes.

A Bocche tournament is in play between teams from the Italian Progressive Club of this town, and clubs in Hartford, Kensington and Stafford Springs, the Locks club winning in the match play last Sunday. A baseball team from the local club won over the Green Gables team of this town at the park grounds Monday night, 13 to 9. The club's sports are ably handled by Coach Pisatti, who piloted the card team to championship in the past five years.

OBITUARY.

Burton A. Birge

Burton Alonzo Birge, aged 74 years, a native of Windsor Locks, died in West Los Angeles, Calif., Thursday, July 25th, after a prolonged illness of about three years. Mr. Birge was the second son of the late Henry Birge and was born in Windsor Locks August 17, 1860, in the old homestead on North street, now owned by Charles Seader. For twenty-five years he was employed as head clerk in the Grand Union hotel in New York city, afterwards going to the Belmont opposite the Grand Central station. From there he went to a hotel on the island of Jamaica, but as the climate did not agree with him he went from there to California several years ago. He leaves his wife and one son, Edgar B., in California; two brothers, Willis H., of Windsor Locks and Edward W. of Peekskill, N. Y.; and two sisters, Mrs. John Souter of Boston and Mrs. Jane Wyant of Springfield, Mass. The funeral and burial took place in West Los Angeles.

PERSONALS.

Lorraine Mae Jenkins, daughter of Mr. and Mrs. Alfred Jenkins of North Main street, left Wednesday to spend three weeks with her cousin, Evelyn Chalk, in Philadelphia, Pa.

Miss Florence J. Pohorylo of West street gave a swimming party, Thursday afternoon, at the pond on the Reed and Sadler farm for a number of her friends to celebrate her birthday.

At the monthly meeting of the Building and Loan Association, Thursday evening, the directors took action on applications for loans, favorably on those bearing approval of the appraisers' committee, and referring others to that committee for investigation. The forty-fourth semi-annual report was submitted, extracts of which are printed in the advertisement elsewhere in this issue. Series No. 45 was opened August 1st, shares in which may be obtained from the secretary at any time. The directors endorsed the proposed local celebration of the state tercentenary and voted to have a decorated float in the parade, for which F. S. Bidwell, W. P. Schwabe and C. A. Norris were appointed the committee to arrange for it.

Commencing Saturday night, the water will be drawn off from the canal for the usual week's clean-up and repairs to the gates and banks of the canal property and other places where it may be found necessary. This will necessitate the closing down of the mills that depend upon water for power, but for those that are partly equipped with electrical power they will be operated if desired, and some of them will do so.

In preparation for the local celebration of the state tercentenary to be held Sept. 21st, some of the organizations have started plans for having a float or other decorated auto in the parade. From the interest thus far displayed in the coming event it is anticipated that the town will have a good program for the observance of the event.

The registrars of electors are in session this afternoon until 5 o'clock to receive applications for names of voters to be placed on the party caucus lists for the coming annual town election in October. They will meet again next Friday from 12 noon to 9 p. m., at the fire and police building for the same purpose.

Card of Thanks

To the neighbors and other friends who tendered such kind assistance during the illness and at the time of the death and funeral of my husband I wish to return my sincere thanks and appreciation. Mrs. Joseph Lamoureux.

It Is Said That—

A browse about the town and the noticeable items that remain in one's mind include: The undermined portion of sidewalk on Grove street corner near Main; the fire hydrant at the top of Oak street hill, still leaking; same condition when the hydrant at Center and School streets is opened; low sections of the new roadway on Grove street, and water remaining along the sides, instead of running off; the miniature speedway being built up on the new roads by some auto drivers; passing of stop-traffic signs almost daily by autoists; lines of parked cars through the center evenings, showing that the town might be built up to a busy trading center; everybody agreeing that the weather is real summery; driving both fire trucks out for grass fires at extreme ends of town, leaving the center unprotected. 'Nuff for now.

In the softball league at Thompsonville, the Northern Connecticut Power Company's team of alleged stars, lost a double header last Friday night, and several reasons have been advanced for the loss, one being that Sales Manager Frank Mellon, who patrols left field, thought he was at a track meet, judging by the way he dove after long hits in his territory. No less than four home runs were scored on hits into left field, due to Frank's rushing in, then darting back after the hits as they sailed over his head. Frank Sloane, of The Press, thinks that Mellon would appear to better advantage at a cricket match, to which statement Manager "Bill" Campbell seconds the motion.

Early signs of the Fall fishing season were to be seen in the Bidwell yard on Spring street Thursday, when "Irv" Ball of the sales force of that company, was espied practicing casting a line from a swanky fish pole. Irv. made several long distance throws and also practiced the reel-in after the catch is supposed to have been made. He had quite a gallery watching his throws, and needless to say, plenty of advice from the sidelines.

There's unabounded glee on Grove street; "Willie" has come back again. Said Willie is the pet kitten that wandered from the home of the power company's telephone supervisor some few weeks ago, and turned up at a relative's home down in Saybrook: It is thought that the pet may have been on the lookout for a Summer cottage for the family.

Numbered among the more than forty odd thousand dyed-in-the-wool wrestling fans that attended the O'Mahoney-George match in Boston, Tuesday night was "Gene" Hayes of Spring street. He brought back interesting tales of the prowess of the new champ, who by the way comes from Gene's home town in Ireland.
